

NORFOLK TO HAVE A GREAT REVIVAL

Three Thousand Dollars to Be
Raised by Evangelical
Committee.

UNION LABOR IN POLITICS

Police Confident That They Have
Captured Two Men Who Are
Robbers.

[Special to The Times-Dispatch.]
NORFOLK, VA., February 6.—The
evangelical committee in charge of the
great Chapman meeting, to be held in
Norfolk, beginning April 20th, an-
nounces that one-half of the \$1000
fund needed to guarantee expenses has
been raised. Next Sunday an effort
will be made in all of the Protestant
churches of the city associated in the
meeting to raise the balance of the
amount needed.

Evangelist Chapman, with about
thirty helpers, will have charge of the
meeting. Five of these meetings will
be run daily in the various sections of
the city. Local pastors will be in
charge of each of the services, and
large choirs are being organized for
the work.

Union Labor Political Club.

The union labor leaders of the city
have called a meeting for Monday night
at Labor Hall, for the purpose of or-
ganizing a political club, the object of
which is declared to be the unifica-
tion of the labor forces of the city, and
to secure their solid vote at the polls at
the approaching municipal primary.

Another object of the club will be to
secure pledges from the union mem-
bers that they will be prompt in the
payment of their poll taxes, in order
to qualify to vote for the men of their
choice. The leaders are confident of
securing a unified rank, although in the
past the union laborers have been di-
vided between the two factions that
contend for the supremacy in Norfolk.
The police are confident that in Will
Thomas and his alleged pal, Will White,
known as "Slim," arrested this morn-
ing, that they have the two burglars
who have been committing so many
robberies lately about the city.
"Slim" was arrested following con-
fession of Thomas to the detectives.
That they have been operating jointly
and continuously for weeks is evi-
dent from what the "gun show" men have
learned from Thomas. The further fact
is pointed out that since the arrest
of Thomas the robberies occurring
nightly in the past have entirely
ceased.

Suffering Among the Poor.

The recent cold weather, which has
cleared up to-day, has caused a great
deal of suffering among the poor of
Norfolk, the number being larger than
ever before, owing to the fact that so
many industrial plants are either closed
down or working short forces. The
charitable organizations of the city
and the churches have been kept busy
the past week preventing suffering
from the necessities of life.

The Wrong Way.

Many Physicians Try to Cure Dyspepsia
by Having Their Patients Starve
Out the Disease.

This Method May Ruin the Stomach.

To become a physician one must study
medical literature for a long time
and attend several years at a medical
college, dissect at least one human
body, pass many quizzes and examina-
tions, and at last receive his diploma,
which entitles him to the M. D. degree.
Yet all this does not necessarily
make a doctor.

We have known many graduates,
with their shewings, who could not
apply the knowledge they had acquired
to relieving and curing a patient of
dyspepsia.

They were doomed by their first at-
tempt to cure such a patient.
They were not to blame for this, for
all the knowledge they had acquired
from medical works was wholly experi-
mental. They were told to try the follow-
ing:

Formula: Ammonia,
Bicarbonate of Soda,
Bicarbonate of Potash,
Blue Mass,
Camphor Water,
Catechu,
Carbolol,
Creosote,
Eucalypt Water,
Lime Water,
Magnesia,
Mineral Waters,
Nitric Acid,
Nitro-Muriatic Acid,
Nux Vomica,
Oil of Almonds,
Oil of Capivi,
Rhubarb,
Sassafras,
Spirits of Lavender,
Stearine,
Strychnia,
Sulphur,
Sulphate of Lime,
Tincture of Cardamom,
Tincture of Ginger,
Tincture of Iron,
Vanilla,
Vegetable Bitters.

In the list hot water is the only
remedy that will not do more harm
than good, and its use is still an un-
proved problem.

If the professor who coaches the
graduate would hand him a package
of Stuart's Dyspepsia Tablets and tell
him that it was a specific for dys-
pepsia, indigestion, all stomach ail-
ments, and should be his mainstay in
all cases, that the grain of the active
principle would digest 3,000
grains of food in the stomach, and that
acted by the grain of the principle
would soon regain its normal condi-
tion, he would do the student more
good than sending him forth with a
lot of uncertain knowledge about the
cure of these diseased conditions.

The young doctor would gain a repu-
tation by curing his first case of dys-
pepsia.
The patient cured would sound his
praises for and near, as do thousands
of thousands who praise Stuart's
Dyspepsia Tablets.

Instead of experimenting with the
grains of medicine in the above list,
and doing his patients more harm than
good, he would always be gaining
reputation by always curing his pa-
tients.

When he met any indication of a
dyspeptic man, he should discover
that hundreds of others have been
that the whole trouble started with
imperfect digestion and assimilation,
and that the grain of the principle
would cure a few of Stuart's Dyspepsia
Tablets, and tell the patient how to use
them.

The result would be considered by
the patient almost miraculous, and suc-
cess after success would be achieved
by him.

Many blood diseases, skin eruptions
and heart troubles yield readily to
Stuart's Dyspepsia Tablets, because
they cure the incubating cause, dys-
pepsia. If the stomach is wrong, you
are wrong all over.

day and we will at once send you

MOST EXTENSIVE DRIFTS SINCE THE SNOW OF 1857

Snow Piled Up Along the Virginia Border to the
Depth of 8 or 10 Feet and Drifts Reported on
the Alleghany 40 Feet Deep.

[Special to The Times-Dispatch.]

MONTEREY, VA., February 6.—The
most extensive snow drifts since 1857
are reported along the border of the
two Virginia counties, the drifts being
borne in many places, the force of the
early February days have piled the
snow in places to a depth of eight
feet. In some places the drifts are
Alleghany are reported to be forty feet
deep. The worst, however, are not in
the public highway, but in deep
groves of the mountains.

Mr. Preston Eckard, who has been
working on Cheat Mountain, in West
Virginia, has just reached his home
near Monterey and reports some adven-
tures. In getting from the Greenbrier
Valley to top of Alleghany he "hit the
fence" in a lumber train road, which
has stiff grades and many curves.

COURT IN GREENESVILLE.

Constitutionality of Crop-Pest Statute
Called Into Question.

[Special to The Times-Dispatch.]

EMPORIA, VA., February 6.—Circuit
Court convened in Emporia on
yesterday, and one of the heaviest
dockets in the history of the county
was before the presiding judiciary,
Judge Jesse F. West.

The case of Turner Chambliss against
Sevier Thomas Brantley for felonious
assault was dismissed, as it was
proved that the defendant was in the
discharge of his duties when the al-
leged assault was made.

The case of the State Crop-Pest Com-
mission and the Assistant State Entom-
ologist, M. P. Leavelle, against a
farmer for refusing to antiseptically treat
diseased fruit trees, resulted in the
minimum fine of \$10 being imposed
on the farmer. The case in all
probability will be appealed, as Mr.
Traylor's attorneys, Messrs. S. Valen-
tine, Southall and E. Ennis, claimed
the authority of the statute is
vague from the fact that the act
does not include in its title its true
meaning. It is very likely the consti-
tutionality of the statute will be bi-
ttery attacked, as both of these young
men believe their premises are
well taken.

The case of Daniel Jackson, accused
of wife murder, will come up to-mor-
row. As Jackson has confessed the
crime it is very likely the negro will
receive the extreme penalty for his
deed.

This is the first session of the court
which has been held in the newly re-
novated courthouse. The old building
has been practically changed into a
new court of justice, and much credit
is given the Board of Supervisors of
Greensville county for the prompt
steps it took in making provision
for the remodeling of the building.

RAPPAHANNOCK OYSTERS.

The Season Thus Far Has Been Poorest

[Special to The Times-Dispatch.]

LANCASTER, VA., February 6.—Re-
ports from all parts of the Rappa-
hannock River go to show that the season
thus far has been the poorest one for
the oystermen ever known. The
oysters are scarcer and pricier than
they have been since the Civil War.
Many of the largest shucking
and packing houses along the Rappa-
hannock have closed down, and some
have not opened during the entire sea-
son. It is hoped that the cold weather
we are now having will increase the
demand and send prices up to the
paying mark.

SPOTSYLVANIA TELEPHONE CO.

Annual Meeting and Election of Of-
ficers—Company Is Prosperous.

[Special to The Times-Dispatch.]

SPOTSYLVANIA, VA., February 6.—
The Spotsylvania Telephone Company
met at the courthouse of the county
yesterday for the annual settlement of
their affairs and for a reorganization
of the company. The following officers
were unanimously elected: President,
George W. Perry; Vice-President, Nor-
man L. Mills; Secretary and Treasurer,
William B. Warren; Business Manager,
Manlius F. Waite. The former board
of directors was re-elected. The af-
fairs of the company are in good shape,
and a dividend of 3 per cent. on the
stock of the company was declared.
This company has 100 miles of line
and about seventy-five phones.

ENGINE CUTS BOY'S LEG OFF.

Playing on Track During Lunch Hour,
James Green Seriously Injured.

[Special to The Times-Dispatch.]

DANVILLE, VA., February 6.—James
Green, a fourteen-year-old boy, who is
employed at the cigarette factory here
of the American Tobacco Company,
was run over to-day by a shifting train
in the Southern Railway yards, where
he was playing during lunch hour.
His right leg was broken at the hip,
and his injuries will likely prove fatal.

Petition in Bankruptcy.

[Special to The Times-Dispatch.]

SUFFOLK, VA., February 6.—James
M. Pearce, a merchant of Whaley Sta-
tion, Va., to-day filed in the United
States court a voluntary bankruptcy
petition. The liabilities are placed at
\$2,300 with estimated assets \$1,100.

Rev. Mr. Wood Declines Call.

[Special to The Times-Dispatch.]

BLACKSBURG, VA., February 6.—
Rev. D. J. Wood announced to-day that
he had declined the call recently ten-
dered him to the Presbyterian Church
at Davidson College, N. C., and would
remain in Blacksburg.

Williams—McCormick.

[Special to The Times-Dispatch.]

LEXINGTON, VA., February 6.—
The Pines, the beautiful home of
Miss Alice McCormick, at Raphine,
Rockbridge county, was the scene yester-
day noon of an interesting nuptial
event, the contracting parties being
her daughter, Miss Alice McCormick,
and Mr. Charles Williams, cashier
of the Bank of Raphine. The rooms
were tastefully decorated in palms,
flowers and running cedar.
The bride wore a going-away gown
of brown cloth, with hat and gloves to
match, and carried a shower bouquet
of violets. She was given away by her
brother, Mr. Herbert McCormick, and

MOVE TO RESTRICT NUMBER OF SALOONS

Petersburgers Await With Inter-
est Report of the Committee
of Thirteen.

PROHIBITION TALK IN THE AIR

Committee Appointed to Make
Arrangements for the Grays'
Bazaar.

[Special to The Times-Dispatch.]
PETERSBURG, VA., February 6.—
Intense interest is being taken in the
expected report of the committee of
thirteen citizens, two from each of the
six wards of the city, with Richard B.
Davis, its chairman, which was ap-
pointed at the recent mass-meeting in
the hall of the Chamber of Commerce,
called to consider ways and means for
the further restriction of the liquor
traffic in this city. Many are the rum-
ormongers as to the plans and recommen-
dations to be made by the committee, but
nothing authoritative has been given
out, and this reference has keyed public
curiosity up to a high point. The
recommendations, which are generally
regarded in well informed quarters as
most likely to be contained in the re-
port, are the removal of saloons from
all residential sections of the city, and
another license tax on the license tax.
Local option talk is in the air, but is
very indefinite and vague. The com-
mittee will probably submit its report
at another meeting of citizens inter-
ested in this work, and it is under-
stood that its recommendations will be
presented to the next meeting of the
Board of Aldermen.

A majority of the colored churches
of the city of all denominations have
agreed to give regular contributions to
the support of the Dunbar Memorial
Hospital, a recently established col-
ored institution in this city.

The Grays' Bazaar.

Captain Benjamin Harrison, of the
Petersburg Grays has appointed the
following committee to make arrange-
ments for the bazaar, which the com-
pany, at a recent meeting, decided to
give in March: William L. Zimmer, Jr.,
Robert Gilliam, Jr., Louis L. Kidd,
Charles S. McKenney, R. B. Bragg and
William E. Moody. The committee held
its first meeting to-night.

A sacred concert will be given at
Tabb Street Presbyterian Church to-
morrow evening at half-past 8 o'clock.
A most attractive program of vocal
and instrumental music has been ar-
ranged, and will be rendered by the
best musical talent in the city. Among
those who will take part are Mrs. H.
Woodrow Welles, Mrs. E. Leavenworth
McGill, Mrs. G. C. Wright, Mrs. C.
Wilson, Mrs. E. L. Quarles, Miss Julia
Wright, Miss Florence Butler, Miss
Taylor, Mrs. Charles D. Witherspoon,
Mrs. Charles E. Plummer, Mrs. J. J.
Neils, Miss Jean Greenway Trigg and
Messrs. E. L. Quarles, H. T. Donnan,
Hon. Charles W. Burch, and Estel
Pritchard. An offering will be
taken, which will be devoted to the
improvement fund of the church.

To Encourage Immigration.

Mr. E. L. Quarles, secretary of the
Petersburg Chamber of Commerce, and
its representative in the Southern Im-
migration Association, went to Rich-
mond this evening with a Norfolk de-
legation representing the organization,
to appear before a committee of the
Legislature in advocacy of a bill for
the appropriation of \$10,000 to en-
courage immigration to this State.

DELIGHTFUL DINING

Good Food, Good Company, Good Service
at Hotel St. Regis, New York

A FAMOUS RESTAURANT

It is stated on reliable authority that
more than half a million dollars are
annually paid to the cash desks of New
York City restaurants by people who
dine. At many of the great dining
establishments, for which that city
is famous, it is often necessary to en-
gage tables in advance, if one wishes
to avoid waiting or the danger of going
hungry.

One of the most inviting of New
York restaurants is that in the Hotel
St. Regis, at Fifth Avenue and Fifty-
fourth Street. Here is assured good
company, good food and good service
amid unsurpassed surroundings. A
visit to this sumptuous dining-room
on an evening, with its crystal chandeliers
and its glow with its faultlessly set
flower-centred tables, surrounded by
beautiful women and well-groomed
men, and the sparkling jewels and
wines, mingled with the irresistible
sparkling wit and good-fellowship is
a pleasure which no visitor to New
York should miss. In the grand dining
hall of the St. Regis, easily the most
beautiful room of its kind in the world,
or, for that matter, in any one of the
numerous smaller dining-rooms here
provided, you will realize the fact that
St. Regis cookery tempts and satisfies,
while St. Regis prices bring the meal
well within reach of those who must
consider the cost of the restaurant
charges being no higher than at other
hotels of the first class.

But the St. Regis restaurant, superi-
or as it is, is only one of the numer-
ous attractions offered by this leader
among the great hotels of the world.
In every detail that makes for com-
fort, safety and healthfulness this per-
fectly built and equipped hotel is pre-
eminent. A beautifully furnished
room for a day, or of the same with
bath for \$5 a day, or a parlor, bed-
room and bath for \$12.
